

Proud to be a member of

Spirit of Women

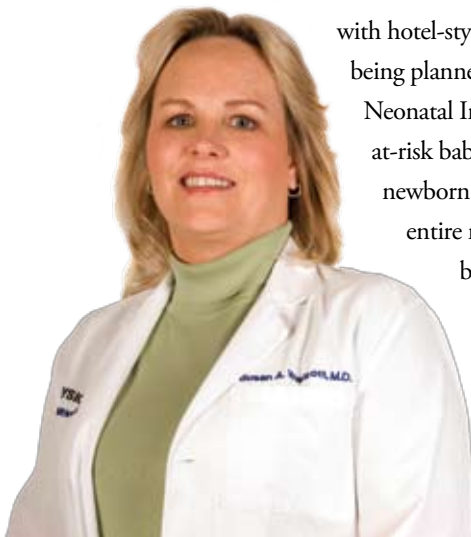

devoted to helping women lead healthier lives.

"With the increasing need for superior maternity, gynecological and specialty services, it's time for Omaha to have a hospital dedicated solely to women's health care." —Dr. Westcott, OB/GYN

From state-of-the-art technology and relaxing, rooftop gardens to cozy, private rooms with hotel-style amenities—every aspect of the new Methodist Women's Hospital is being planned to provide you with the best overall experience. We will have a Level III Neonatal Intensive Care Unit (NICU) to deliver one of the highest levels of care for at-risk babies. We've also invested in advanced training for our staff in maternity and newborn care to ensure the best possible outcomes for our patients. And with an entire medical campus and hospital dedicated to caring for women of all ages, it will be even more convenient to receive the services you need—all in one place.

Our doctors and nurses share the details at methodistforwomen.org.

METHODIST
WOMEN'S HOSPITAL
